THE CLEARFIELD PROGRESS, CLEARFIELD, PA., MONDAY EVENING, JULY 23, 1923.

NUMBER 178

HOLLYWOOD AND LOS ANGELES ROCKED BY A SEVERE EARTHQUAKE; ONE MAN IS KILLED BY ROOF OF HOUSE CAVING IN

Los Angeles, Cal., July 23.—Movie queens, film heroes and all Hollywood community were hurled from their beds, and fled to the lawns and sidewalks in night attire shortly before midnight when all Southern California was rocked by two earthquakes which lasted over sixty seconds.

The hall of records at San Bernardino was badly damaged. One man, George Fisher, who was in bed in a building adjoining the hall of records, was severely injured when the roof fell in. Little damage was done in Los Angeles and vicinity although the quake was the most severe in three years.

Los Angeles, Cal., July 23.—All of Southern California from Santa Barbara through the Imperial Valley was shaken around midnight by the most severe earthquake in three years. Damage was estimated at \$100,000.

Following the first shock at 11:28 p. m. practically all residents of Southern California cities spent the remainder of the night on the street. Many were in night clothes. Tremors were felt again about 1:00 a. m. Oil operators in the oil fields at Santa Springs and Signal Hill feared the shocks may have ruined some wells or holes now drilling.

CORRY'S BEAUTS COMING TO TRIM US ON SATURDAY

The Community Service Horse Shoe Pitching Team from Curry, Pa., will meet the local Community Service team at a court in town to be decided upon later, on Saturday afternoon, July 28th.

The Corry team is said to be one of the best in the country, while the Clearfield team will be made up of Johnson, Flint, Smith and another local topnotcher. The game will be well worth seeing and should bring out a big crowd.

An admission fee of 25 cents will be charged in order to defray expenses.

More teams are gradually coming in to the Clearfield club though some are poorly represented as yet. There are a great many pitching men for some reason would rather play a lone hand than strengthen the organization which is trying to make us a more worthy while in the town and state. Some seem to prefer to pitch only when they feel like it and not be bothered with a hard and fast schedule and some seem afraid they will be ignominiously defeated. The officers of the club are all busy people who are giving a good bit of time to this as it is but cannot make a house to house canvass soliciting members. If those who are at all interested will each do a little boosting the Clearfield club will be well on the way toward justifying the reputation it has among the pitchers of the country. This is known to be one of the most wide awake organizations in the game so having achieved this fame it is certainly up to the members to make it a fact. The Sewer Pipe Co. is helping a great deal by donating a much play for the courts as is needed.

The Thursday schedule will be played as follows:
Singles—Ball vs. Stiffler. Hudson vs. Shugert.
Doubles—Reed and Schiefer vs. Heider and Sheppe. Dan Robinson and Lewis Shaw (new) vs. Keystone Joe Cream. Withrow and Hixon vs. the winners of the above. Games called on the new Market street court at 7 sharp.

YOUNG WOMEN HAVE A CLOSE CALL AT GRADE CROSSING

That New York Central grade crossing near the West End of the concrete bridge over Clearfield Creek, beyond the County Home, was the scene of another automobile smash last evening about 6 o'clock when a brand new Studebaker Six, occupied by Miss Beatrice Lewis, of Phillipsburg, employed as night nurse at the Rowles Hospital and Miss Vivian Maines, daughter of Mrs. John H. Chaplin, of Nichols street, was struck by an engine and badly wrecked.

Miss Lewis was at the wheel and drove her car down the hill right onto the railroad track squarely in front of an engine running light and coming toward Clearfield. Both automobile and engine were running very slowly and to this fact alone is attributed the fortunate escape from serious injury of the young ladies.

The engine struck the car fairly in the middle and shoved it along ahead of it for a distance of at least forty feet, before the engineer could bring his machine to a stop. The young women were badly frightened, but beyond a few minor bruises luckily escaped injury. The car was pretty badly used up.

FUNERAL OF MISS EFFIE McCORKLE

The funeral of Miss Effie McCorkle took place from the home of her mother, Mrs. Robert McCorkle in Hillsdale at 3 o'clock this afternoon. Rev. Gibson of the Eleventh street Methodist church, officiated, while interment was made in the old cemetery.

Miss McCorkle died Saturday afternoon at 1 o'clock. Her death which was sudden, was due to cancer. She is survived by her mother, one sister and three brothers.

Miss Julia Sahn has returned to her home at Burnside after a week's visit with her cousin, Miss Susie Sahn at 7 sharp.

Lightweights To Swap Punches Tonight For Championship Belt

Come to The Progress Office tonight at nine o'clock for the blow by blow returns on the Leonard - Tendler fight. The weather is fine so please stay outside so we can give you the same good service you received on the Dempsey-Gibbons and Firpo-Willard battles.

Before nightfall there may be a new lightweight champion of the world, providing Lew Tendler, the rugged, lopsided challenger, who meets Champion Benny Leonard tonight for 15 rounds at the Yankee stadium in New York, can do just about half the things his great flock of supporters are predicting for him. Never before has a challenger entered the ring against so formidable a champion as Leonard, with such a brilliant chance offered him. Once before, just a year ago, this same Tendler rocked Benny to his heels in the eighth round of their now memorable bout at Boyle's Thirty Acres, only to lose when one of Benny's two great advantages came into play and outsmarted the Philadelphia out of an almost certain title. Leonard's other asset, his great two-handed punching power, got little chance to work against the plunging challenger and Benny had to be satisfied with a popular decision.

Betting Price False.

Today Leonard rules an almost two-to-one favorite, which from any angle looks like a false price. Leonard is not twice as good as Louie, and with everything on the up and up, Tendler will prove this tonight, even though he fails to go the limit. The challenger is one of the greatest body punchers the game has ever seen in his division and, with an awkward method of carrying the fight, may be able to break through the same way he did in Jersey. Tendler has learned a lot since last year and will hardly be caught absent-minded tonight as he was before. Should Benny, for whom the task of making weight has proved no joyride, once attempt to go in flatfooted and swap punches, it may mean the end of his reign.

The ring generalship of the champion is his biggest ace. Leonard has the faculty of making the pace and style as he sees fit and most likely will carry out that plan tonight. Tendler, with nothing to lose and knowing that Benny cannot be as good tonight as he was the last time they met, may take the offensive, wade in, rip and tear away in the early rounds in an effort to wear Leonard down, without giving Benny a chance to set. This looks like his only chance.

GEO. M. ROSSER'S MOTHER DIES

Mrs. William Rosser, mother of President of Council George M. Rosser, passed away at the family home in Jersey Shore at 11:30 o'clock last night. The funeral will be held from her late home Wednesday afternoon at 2 o'clock.

Geo. M. Rosser was at his mother's bedside when she passed away and will remain in Jersey Shore until after the funeral.

JOHNSON TO TOUR AGAINST WORLD COURT

New York, July 23.—Hiram Johnson, Progressive Republican Senator from California, intends to tour the country in a virtual campaign against the world court and the League of Nations.

Johnson, back from a four months investigation of affairs in Europe, made this informal announcement when he landed from the giant new Shipping Board liner Leviathan yesterday.

DR. KOO AGAIN IN PROMINENT POSITION

Peking, July 23.—Doctor Koo, former Chinese ambassador to Washington, today became foreign minister of the North China government. Dr. Koo accepted the post at the insistence of political leaders.

TWILIGHT LEAGUE GAME

The Glen Richey ball club will play Reedsville on the Reedsville diamond on Tuesday evening.

COAL HEAVERS OF IDAMAR WALLOP OUR OWN PETS

A bunch of Webb Shillingford's hired men knocked off work in the mines at Idamar at noon Saturday and coming down to Clearfield engaged our American Legion team in a bout at baseball at the Park. We would like to draw the curtain over the recital right at this time but our innate and ever-present urge to tell the truth regardless bids us proceed—and proceed we will.

Those Idamar coal heavers just knocked the dingbusted stuff out of our boys. They swatted the slippery elm shoots of Rex Fauver to every end and all corners of the lot and piled up seven runs, while not allowing one of the locals to approach even within hailing distance of the home plate.

The Idamar boys were about the niftiest ball team to face the locals on the local lot this year. The team made but one error in the field, but Sebastian, their umpire, made a couple of rank ones at first base.

The score:

	R.	H.	O.	A.	E.
Idamar	7	8	27	9	1
Siocky, 2b	1	3	4	1	0
Reed, cf	1	0	3	1	0

YESTERDAY'S GAME

A Clearfield team took the Phillipsburg All-Stars "over the jumps" at

(Continued on Page 5)

One Killed, Five Hurt In Riot And Escape Of 31 From Insane Hospital

Chester, Ill., July 23.—All but 11 of 31 convicts who escaped during a riot they precipitated at the Illinois state hospital for the criminal insane, were recaptured today.

William Jackson of Chicago, murderer, was killed and four guards and O. C. Stubblefield, superintendent of the hospital, were wounded in fighting that accompanied the outbreak last night.

Seventy-five convicts took part in the fighting. Those recaptured were found hiding among the hills, in underbrush and in barns after they had stabbed the guards and battered a hole in the steel fence around the hospital "bull pen."

Stubblefield said that hundreds of guards, deputies and citizens searching surrounding Illinois and Missouri territory expect to capture the 11 today. All business in Chester, a town of 4,000, has been suspended while armed men guard their homes and women and children are kept locked indoors.

SUPERINTENDENT MUNICIPAL PIER

Matt Savage, a former well known Clearfielder, has been appointed superintendent of the Municipal Pier rest room and music pavilion at Ocean City by Mayor Champion. The position pays a fine salary and the appointment is for four years.

HIGHWAY DEPARTMENT ANNOUNCES ITS BUILDING PROGRAM FOR 1923 AND 1924; WILL BUILD 275 MILES OF NEW HIGHWAY

HARRISBURG, Pa., July 21.—Paul D. Wright, Secretary of Highways, today announced the Department's road construction program for 1923-24. The Department will build 275 miles of durable highway. Only \$15,000,000 is available for road construction. The 275-mile program will exhaust all present funds for construction purposes. There can be no additional road construction during 1923 and 1924 unless the voters in November approve the \$50,000,000 bond issue. If approved this money will be available for 1924 construction.

Federal aid available to Pennsylvania approximates \$5,000,000. To secure this money it is necessary that Pennsylvania meet it on the basis of two to one, giving the total of approximately \$15,000,000 available for the balance of 1923 and all of 1924—unless the bond issue is approved. Exclusive of the state-aid fund, \$5,200,000 is available in unexpended legislative appropriations for road construction. Of the \$50,000,000 bond issue authorized in 1918, \$800,000 remains. It will be necessary, therefore, unless the new bond issue is approved in November, to resort to the motor license fund in 1924 for \$4,000,000 necessary to make up the \$10,000,000 required to meet the Federal-aid fund. The Department maintains that the motor license funds should be used for maintenance purposes except in emergencies such as meeting the Federal aid in order to hold it for the state. If the bond issue is passed it will not be necessary to take \$4,000,000 from license moneys.

In accordance with the fixed policy of the Department of Highways the construction now decided upon will be confined to primary highways. The allocation of this program was made after a careful study of the relative needs and merits of the individual case, with proper consideration for distribution and previous construction, and the entire cost will be paid by the Commonwealth.

"The Department realizes," said Secretary Wright, "that there naturally will be many disappointments, but this is inevitable, in view of the limited funds available as contrasted with the great volume of demand. In determining the merits of each case the Department had information from all available sources, including that revealed by its own traffic survey."

"No change will be made in the program as now announced by the Department."

The program as it involves the Lincoln Highway consists of a replacement of the present surface between Coatesville and Downingtown and a replacement of a section to the east of Lancaster. It also involves replacement in Irwin Borough, Westmoreland County.

On the Susquehanna Trail there will be a replacement on Route 250 running between Lemoyne and New Cumberland.

On the William Penn Highway there will be a replacement in Wyomissing Borough to the west of Reading and there are listed for construction six projects between Pittsburgh and the Cambria County line.

On the National Pike there will be a replacement of a section to the west of Uniontown.

On the Buffalo-Pittsburg Highway new construction is involved in a section north of Indiana, north of Punxsutawney, south of DuBois and between DuBois and Falls Creek. There will also be new construction running south of Ridgway and running northerly from Johnsonburg.

On the Lakes-to-the-Sea Highway there will be new construction to connect Franklin with the present road under construction easterly.

On the North Tier Highway construction is contemplated between Waterford and Union City in Erie County, between

(Continued on Page 5)

Milesburg Man's Death THREE SUFFOCATE May Bring Prosecution Of Midnight Auto Party

The fatal automobile accident which occurred near Osceola Thursday morning last, will undoubtedly result in criminal prosecution against Carl Hettager, owner and driver of the car. Two deaths have thus far resulted from the accident. The Phillipsburg Journal of Saturday last carried the following story of the affair:

"The fractured skull and other injuries received by Winfield M. Lose in the automobile accident on Mapleton hill early Thursday morning, July 19, resulted in his death at 3 o'clock this morning. The body was taken to the Enoch undertaking establishment and prepared for shipment to Milesburg for burial."

Lose's death makes the second fatality in the tragic accident at the sharp curve on the hill on the highway between here and Osceola Mills. Joseph Atterson, of Punxsutawney, having been instantly killed. The other three men in the party, all more or less injured, will recover.

The Clearfield county coroner is investigating the accident and consequent fatalities, and other developments may follow. It is said the authorities are desirous of ascertaining the truth of some reports in connection with the affair, and some other parties may be drawn into the affair.

Winfield Lose was 42 years old and a native of Bellefonte. His home was at Milesburg. He was employed by the Bellefonte Lumber Company, and for the past two months has been located in Phillipsburg working at his trade of painter for the company. He is survived by his wife and young son and two brothers and three sisters. His parents are dead.

Relatives Storm Doors

One of the men had been identified as John Ustic, 42, a laborer. It is thought the others are Ned Nedrine and Ben Levitt.

The plant closed down early yesterday for fumigation. Notice was posted throughout the building in advance and it was thought that everyone was out when the doors were locked.

Following discovery of the tragedy a crowd of 10,000 persons soon gathered, many of them relatives of men supposed to be residing in the building. They fought with the reserves for an opportunity to join the rescue.

SMUGGLED SHELL EXPLODES; TWO GUARDSMEN HURT

Berwick, Pa., July 22.—Two men are in the hospital today and three await court martial as the result of an explosion of a mortar shell while the equipment of Company I, 108th Infantry, was being unloaded at the Berwick Armory.

The shell is said to have been smuggled from Mt. Gretna in the baggage bag of Private Charles G. Schall. As the bag was thrown from the car, the base of the shell struck the ground and it exploded, scattering among the guards unloading the equipment.

Roy Eddinger and Dell Shumaker, both of Berwick, were severely injured by the flying fragments. One piece of iron struck a house two blocks away.

The accident will be investigated at a court martial at once.

FIND BLOOD STAIN ON TROUSERS WORN BY PATRICK COYNE

Pittsburgh, July 22.—Finding of blood stains on the trouser leg of a brown suit worn by Patrick Coyne the day before his slain bride was discovered in a Port Perry cottage, has served to definitely connect the married husband with the murder, county detectives declared today.

Detectives will make another effort today to force a confession from Coyne, who lies in a hospital with his legs gone as the result of a possible railroad accident a few hours after his young bride was shot and killed. Coyne has so far defied police.

Police also declare that Coyne, on the day he met his accident, told fellow employees at the Economy freight yards, where he was employed as a brakeman, "that he was tired of living." In view of Coyne's attitude and strong circumstantial evidence, police declare they believe Coyne tried to commit suicide.

WOODRUFF WILL NOT RUSH INTO COURT TO ANSWER SNYDER

Harrisburg, July 23.—No effort will be made by the administration to "rush into court" as a result of the challenge of State Treasurer Snyder to test the constitutionality of the code, it was learned today.

The Geological Survey and Bureau of Accounts will remain unpaid on Snyder makes concession to the Gov. error.

Several moves looking toward a compromise solution of the differences which threaten to bring the administrative code to a constitutional test have been made.

Attorney General Woodruff, who was in favor of prompt action through court procedure, has decided that nothing can be gained by going to court at this time as an appeal could not be taken until fall in any event.

ENJOYED FINE VACATION

C. T. Hile and family of Clearfield, N. G. Parks and family of Berwick, and F. R. Stockbridge and family of Wilkinsburg, who have been spending the past two weeks at Camp McMillan on the mountains about 20 miles from Clearfield, broke camp today. They all report a whole of a time with plenty of fresh mountain air, good eats and a wholesome touch with nature at her best, far from the mad-dashing throng with only the wild beauty and reptiles to disturb the quiet fullness of the place. Two rattlers were killed.

GRASSFLAT MAN HURT IN AUTO WRECK

About 10 o'clock last evening two automobiles ran together at Troy bridge, near Phillipsburg, on the Harrisburg road. Oscar Campbell, of Grassflat, driver of one of the cars, was thrown against the windshield and had his neck and face cut. He was taken to the Phillipsburg hospital for treatment.

We regret that those in our force prohibits our printing many of the items handed us for publication today. They will appear tomorrow.

NOTICE TO ALL CAR OWNERS IN CLEARFIELD

Wednesday and Thursday this city will be visited by large delegations of people from Altoona, who come here for an annual outing at the Driving Park. On Wednesday, the shopmen are coming, five hundred strong. On Thursday, the trainmen are coming, three hundred strong.

Last year when these people were here, Clearfield citizens met them at the train with cars and trucks to haul baskets and children to the park. Again in the evening the same people returned them to the train and saved them from a ducking.

That was a fine thing to do. It should be done again and we believe will be, for Clearfield always does the right thing.

In this undertaking, let the Rotary Club and the Commercial Club members take the lead. Every man should be on the job. Every citizen who can spare his car and an hour's time should join in.

For the purpose of making sure the job will be done those interested have asked Scott McKelvey of the Clearfield Candy Company to act as Secretary of this general transportation committee.

Call H. & C. 234-Y early tomorrow morning and tell Scott, "You can count on me."

ODDS AND ENDS
AND THINGS

By J. L. C.

And I was ever thus. How much are you paying for ham? The butcher says pork products twenty-five to thirty-three percent cheaper than last year. But according to Thomas Wilson, the butcher, there is no indication that customers have, therefore, increased their purchases.

Retail prices have lately lost the habit of corresponding with wholesale quantities.

Brass leaves remain the same despite a dollar flour.

Potatoes rot in the fields for want of a date, while green grocers whimsily take usual toll.

Recent heavy rains in crude oil are still to be reflected in gasoline.

Note a revivis their menus with every appreciable advance in meat and vegetables, but strangely forget to add charges as edibles become cheaper.

Order bacon and eggs for lunch to-morrow and note the check.

And yet Sir Isaac Newton insisted that "a hat goes up must come down."

Billings deposits in banks and trust companies of the United States increased \$400,000,000 in 1922, which is 41 per cent. over 1921, according to figures of the American Bankers Association.

They are all the time making it

harder for the poor underpaid bank clerk to switch a few shekels off the top of some fellow's private measure full of running over.

Report of a new invention at the National Cash Register Company offices is accompanied with announcement that its manufacturing plant may be doubled in size within a short time. The new invention is a register carrying twenty totals, built especially for general banking business. The register has been tested in one Dayton bank.

By means of the new register the exact condition of an account is recorded on the customer's passbook and on the bank's permanent record in one operation. The machines post book and ledger cards automatically and keep the tellers ledger, showing total deposits and total withdrawals for each day.

The month of July should be cut off the season for trout fishing in Pennsylvania at least, as more damage is done then to trout in our streams than during all the other two months. One-half more fish are illegally taken then, too, by the "trout hogs" who invade the streams and literally claw with their hands, the poor sunburned fish from the few pools with hardly water enough to sustain life. At this time the fish are not fit to eat, and the fishermen gather them in simply to satisfy their lust to kill the finny denizens of the deep—when there is water enough to call it deep.

A national programme for 187,406 miles of new highways now is projected for the United States.

The programme was made up by road experts of the Federal Government, which will carry it through to

conclusion in financial partnership with the States. Generally, the Federal Government will pay about 55 percent of the bill.

The programme is partially complete, a large part of the mileage being already in existence. The remainder is authorized or projected, awaiting only the approval (in most cases formal action) by the States.

At \$50,000 a mile the programme means the expenditure of nearly \$10,000,000.

As the construction work progresses the programme will be extended. As now projected, the work will mean that 90 percent of the population of the United States will live on, or within, a few minutes travel of a smooth, modern highway of concrete, brick or some other permanent and improved road material.

Road improvement tends to decrease prices of necessities, especially food, throughout the United States.

It brings the city consumer closer to the food supply of the country and reduces the transportation factor in price. Furthermore it makes rural life more pleasant by smoothing out difficulties of communication. In very many other ways road building tends to solve the problem of the farmer.

The mileage of roads to be built, with the aid of the Federal Government, is distributed among the States in direct proportion to the willingness of their legislative bodies to appropriate the local share of the fund.

South Dakota now leads, with a mileage of 8,077; New York has 4,498; Ohio, 4,506; Georgia, 5,662; Illinois, 4,987; Iowa, 7,154, and California, 4,467.

The rank of the States change frequently, in accordance with the action of their Legislatures.

AUGUST 15th - - - AUGUST 16th

- TWO BIG DAYS FOR CLEARFIELD -

\$1,000 IN PRIZES

On these two days the Firemen of the Central District, comprising eight counties, will be the guests of this city. Clearfield is going to entertain them royally. The machinery has been set in motion and this advertisement is to invite all firemen to come here and to ask all citizens to join us in what we know will be a successful effort to entertain royally.

Committees have been named to look after the many duties that devolve on the host and "On To Clearfield" will be a safe and proper slogan for everybody on these two days.

Wednesday, August 15th will be the Business Session of the Convention with three hundred delegates in attendance. In the evening the regular annual Convention Banquet will be served in the White House at the Park, followed by a grand dance.

Thursday will be Parade Day, with a tremendously big program of Sports and Contests. Watch for the Program. There will be prizes for the Bands, running from \$40.00 to \$125.00. There will also be prizes for the best appearing Band, best appearing Company, largest Company, longest distance, etc., aggregating One Thousand Dollars.

BIG CIRCUS TOMORROW
We thought when John Robinson's circus left us we were done with circuses for this season. However we find we were mistaken as a committee of three press representatives called at our office this morning for the purpose of advertising the Wallace & Moore Circus, a dog and pony show, which will exhibit tomorrow afternoon on Swoope's lot on Pine street.

The big free street parade starts promptly at 11 o'clock and the opening promptly at 2 p. m. There will be no evening show because the curfew law interferes with the comings and going of the "circus men."

There will be lots of animals, strong men, gymnasts and many other real circus features. Admission 15 cents; children, 10 cents.

This is an advertisement, for which we are paid five free tickets, but had some "dealing" to do to get that many.

Announcing:
The "DIM LANTERN"
A new eating house near the corner of Third & Pine streets in the room formerly occupied by Straley's Lunch room.

Open now. Home cooked meals a specialty. Open from 6 a. m. to midnight.

GRAND OPENING
WEDNESDAY EVENING
7 TO 12 O'CLOCK
Our Opening Special is "Baked Alaskan", an ice cream delicacy for twenty-five cents.

MODERN MOTHER-WISDOM
chooses this better way

She saves her precious energy for the more important duties of the home—for the supervision of the household, for the upbringing of the children that so often determines their character as men and women. And to these pleasant cares she brings the extra hours secured through the use of our laundry service—

For, instead of the gruelling hours of washing and ironing, fatiguing tasks that leave her effortless, she bundles the family wash together every week and we call for it, wash everything thoroughly, iron each piece daintily and return it all neatly folded.

We commend this same complete family service to you. Or, if you wish, you can secure any one of a number of partly finished services. Just phone and our representative will call and explain these services to you.

Highway Department Announces Its Building Program For 1923 And 1924

(Continued From Page One.)

Pittsfield and Youngsville in Warren County, and the present hard-surfaced road running southerly from Warren will be extended towards Saybrook. New construction will also proceed from Mt. Jewett easterly toward Smethport, from Galetton easterly towards Wellsboro, and the present hard-surfaced road running through Wellsboro will be extended to the west.

There will be new construction on Route 212 running easterly from Mansfield, and the present hard-surfaced road running west from Towanda will be extended towards Troy. There will also be new construction extending the present hard-surfaced road easterly from Towanda toward Wyalusing.

The hard-surfaced road running through Montrose will be extended to the west. The improved road on Route 174, which runs to the Lackawanna-Susquehanna County line, will be extended to Royal.

On the road between Stroudsburg and Easton new construction will be undertaken between Delaware Water Gap and Portland and preliminary plans are being made which will result in tying up the present improved roads between Bangor and Easton.

Construction will be authorized on Route 232, running southerly from Tunkhannock, and on Route 161, between Saint Clair and Ashland.

Plans for new construction will be prepared for Route 185 running from Tamaqua through McAdoo. Surveys will also be made for the connecting links of the hard-surfaced road running between Mauch Chunk and Allentown. This will involve probably four contracts.

Replacement will be undertaken on Route 180 between Chester and Philadelphia and on a section of the West Chester Pike, and on a section of the Baltimore Pike near Waw Waw.

New construction will be undertaken on Route 106, between North Bend and Hyner and in the vicinity of Driftwood.

There will also be new construction on Route 121, running southerly from Mt. Union and on Route 47 between Gaysport and Bedford.

The schedule also includes two sections to be constructed between Ebensburg and Burnside, on a fifty-fifty basis with the County, as per previous arrangement.

New construction will also be undertaken on Route 189, running to the east of Kittanning, on Route 71, running easterly from Butler; and two sections are listed for improvement on Route 79, between Butler and New Castle.

On Route 76, running from Pittsburgh to Beaver, two sections are listed for improvement and on Route 243 plans will be prepared for improvement between Midland and the Ohio state line.

On Route 326, running from Washington to Waynesburg, 2 sections are listed for improvement, one section beginning at Waynesburg and running northerly to the vicinity of Ruff Creek. Preliminary plans are being made for the improvement of two sections between Waynesburg and Brownsville on Route 268.

On Route 116 plans will be prepared for the connecting link through Smithfield Borough and on Route 117 there will be a replacement in Everson Borough.

On Route 148, construction will be authorized extending the present hard-surfaced road from Bedford Springs to the north.

On Route 98 plans will be prepared for extending the present hard-surfaced road running through Tionesta to a connection with Route 92 at Nebraska.

Plans will be prepared leading toward the extension of a hard-surfaced road south of Quarryville to the Maryland line.

Progress Editorial For Women

MRS. HARDING PLAYS

THE GAME

By Florence Davies.

It was on President Harding's recent trip through the west on his way to Alaska that he encountered one of those hot days which so often seems to be reserved for tourists, picnics, parades and the like when Old Sol would have served us just as well had he been a little less enthusiastic.

After a particular strenuous bout with the sun, the President admitted that he had had enough and asked to be excused from one number of his program.

Not so with Mrs. Harding however. With the aid of a sun hat she had taken the same drive and come out the victor. So sending the president back to the hotel to put ice on his wrists and seek the consolation of an electric fan, Mrs. Harding graciously entered the official car and made her bow to the waiting public at the next stop on the days tour.

That was just one example of the fact that Mr. Harding always plays the game.

As wife of the president of the United States Mrs. Harding doubtless has her critics, if not her enemies, though they are happily few. It would be too much to expect that any one in public life, especially in political life, would be wholly without them.

But whatever any of them may be able to say of Mrs. Harding, not one of them can say that she doesn't play the game. No the game of politics, so much as the game of standing back of Warren G. Harding.

"Oh," but you say, "what women wouldn't put her husband's interests first, if that husband were president of the United States?"

True enough, in this particular instance, the game must have interesting rewards.

But Mrs. Harding has been playing the game for years, long before her husband was the president of the United States, long before he was even a senator.

Back in the little town of Marion, Ohio, she was very much on the job when "helping Warren" just meant going down to a funny little newspaper office and hovering around the cashier's cage or the bookkeeper's desk. And from that time to this Mrs. Harding has been on the job whether the job meant being one of the best dressed women in the country, or standing for hours at endless receptions or making one more appearance on a days program when her husband was too near sun stroke to make the grade.

Working out-side the home seems never to have offered a problem in the Harding family. It was evidently never a question of husband or career which shall it be? It was both.

That must be a satisfactory solution for a woman to the problem of her career. Standing back of a man in every possible way and on every possible occasion to make his career come true is something of a career in itself, and must offer more durable satisfaction than all the half victories which a woman earns for herself. It must give a kind of unity of purpose and oneness of interest and sympathy which the separate state plan doesn't permit.

A little old fashioned, all this, perhaps, but surely rather satisfactory.

Misses Ada and Ruth Eckley, of Greenville, Pa., are guests of Mrs. Fred B. Leavy at her home on Third street.

Harrisburg, July 23, --- "Employees in the Department of Internal Affairs have volunteered to have their salaries cut sufficiently to permit five in the department, who would have been necessarily dismissed, to remain," declared Secretary of Internal Affairs James F. Woodward in a statement today.

Notwithstanding the dismissal of forty-seven employees from the department less than two weeks ago, Secretary Woodward said that the department funds necessitated the dismissal of about five others. "Bureau heads, division chiefs and other employees, desirous of seeing the work go on without any additional handicapping at the hands of the Governor, volunteered to have their salaries de-

creased so that the necessity of dropping other employees would be eliminated," continued the Secretary. "The action of my employees is appreciated by me in the extreme and shows splendid interest in their work and in their efforts to cooperate with me in the discharge of the duties which the Constitution and the various acts of Assembly have imposed upon me. Their action indicates that in this department there need be no fear of 'boring within'."

"I notice in newspaper accounts," concluded Mr. Woodward, "that there are numerous increases being allowed in salaries in departments under the Governor where he did not find it necessary to reduce the appropriations. When I call the attention of

the public to this, I hope I shall not be accused of sniping."

Mr. and Mrs. A. O. Brantner and the former's sister, Miss Vera, spent the week end with friends at Reamstown. Mr. and Mrs. Emory Hummel, Mrs. Laura McManis and daughter Goldie spent Sunday with Emory Hummel of Burnside, Pa.

Mrs. Louis Harper and daughter, Betty of Madera spent the week end with Mrs. Hartwick Logan on Ninth street.

Thought for the Day.

Say the kind word today and postpone the unkind word until tomorrow, and you will make yourself and the world richer.

NOTICE WASTE AND MISUSE

of water must be discontinued, for supply to last during the summer and fall.

Inspectors of the Company are day and night checking up persons wasting water and others using water not authorized by the Company and summary action will be taken to conserve the water supply.

CLEARFIELD WATER COMPANY.

FRANKLIN

July is the 21st
Sales Anniversary

The Sedan

\$2850 f.o.b.
Syracuse

Keeping pace with the demand for this new Sedan has been a difficult task ever since it was first shown—even with production more than doubled.

The Franklin Sedan gives people the finest ride they ever had. That, in short, is the story of its unequalled road ability and accounts for its great popularity. It is

without a closed car rival in comfort, easy handling and making time.

Many Franklin owners are among those who have been unable to get this new car because of the over-demand. During July, Franklin's Twenty-first Sales Anniversary, we will make special effort to take care of their requirements.

Curwensville's Own Column

Mr. and Mrs. H. C. Adams, Jr. of Pittsburgh, spent the week end with the latter's sister, Mrs. James Volpe, Ridge avenue.

Mrs. V. U. Snyder has returned home, having spent the winter with her after having spent the winter with her daughter, Mrs. Helen Vancooper, at Clarkburg, V.

Strange, but true nevertheless, at all conclaves people forget the laws of cleanliness. The park, next morning after Field Day picnic, looked like an old time clam bake.

Arthur Selner, a late employee of the Pennsylvania Hide and Leather Company, died at his residence near Nanticoke, on Friday night, after an illness of several weeks duration. His age was about 47 years. He was born and raised near Luthersburg and was a son of Rev. Selner of that village. He was married to a young lady by the name of Troy, a daughter of William Troy, who with several children survive him. The funeral was held this forenoon. Interment in Oak Hill cemetery.

The Curwensville-Janesville ball game that was to have been pulled off on the home grounds Saturday afternoon was cancelled during the forenoon by the visiting aggregation.

Miss Alice Wood, a student at State College and whose home is in Grampain, was the guest of Curwensville friends Saturday.

The Light Bearers Mission Band of the Presbyterian church was entertained at the home of Mr. George Ardary, Bloomington avenue on Saturday.

Mrs. Ralph Demsey, was registered at the Park House from Pittsburgh Saturday. She will be remembered as a daughter of Mr. Carpenter a former landlord and owner of that hostelry. Mr. Ray Michaels who was taken to Clearfield Hospital along about a week ago was operated on successfully Friday for the removal of a goiter. She is recovering nicely.

"Jimmy" Sheridan and "Jake" Kanta left Sunday morning for New York, having procured ring side tickets which will entitle them to witness the Leonard-Tender fight for the light weight championship of the world, booked for tonight.

A four-months-old child of Mr. and Mrs. Clark Bunnell, died at the home of True London, in Pike township, near borough line, on Saturday morning, of convulsions. The body will be buried in Oak Hill cemetery, probably on Tuesday.

Mrs. El. Bloom, age 78 years, died at the farm home near the Porter school house on Friday. Her maiden name was Wise, she being a sister of Mrs. Frank L. Robinson, this place. The funeral was held on Sabbath.

Mrs. Mary Smith, of Newport, Pa. was a guest in the Collins home for several days the latter part of the week.

Mrs. Edna Dunn, who has been spending several months at the home

of her parents, Mr. and Mrs. O. C. Norris, Thompson street, returned to her Pittsburgh home on Saturday.

Mrs. Zach McNaull, Mrs. Harry Riddle and Gene Riddle left Saturday by motor car for Endicott, N. Y., for a weeks stay.

Mrs. Alice Brownlee, of Pittsburgh, is visiting her sister Mrs. Edna Way, north Walnut street.

Mrs. Russel Wright, wife and children, arrived in Curwensville Saturday from their Montana home, and will spend some time at the residence of "Dick" Wright, the parent. He reports that his brother, Carl, who is also in the west, is well and hardy but was unable to make the trip back to his old home at this season.

Miss Anna Fitzgerald returned home after a pleasant visit with relatives at Pittsburgh.

For Sale: Choice building lot in Curwensville. Desirable location. Inquire Progress Office for particulars. 7/21/23

Coal Heavers of Idamar

(Continued From Page One.)

Janesville yesterday, winning the game handsly by the score of 9 to 6.

The game was featured by the heavy hitting of Heberling, Sol Robinson, Nagle and Bowles.

is the guest of Mr. and Mrs. W. L. Swoope, being called here on account of the death of her uncle, R. D. Swoope.

Frank Souders left yesterday on a shopping trip to New York.

Mrs. C. W. Deans of Philadelphia was the week-end guest of her sisters, Mrs. Jean Shaw Baily and Miss Clara W. Shaw.

Mr. and Mrs. John Fryberger of Philsburg, family and house guests attended the dinner at the Country Club Saturday.

Mr. and Mrs. Rembrandt Peale of St. Benedict entertained at dinner at the Country Club Saturday evening.

Miss Katharine Zerfuss, a teacher at summer school at Clarion Normal, spent the week end in Clearfield with her parents.

Mr. and Mrs. Pennepacker of Mor-

Boils

There is a reason for everything that happens. Common-sense kills misery. Common-sense also stops boils! S.S.S. is the common-sense remedy for boils, because it is built on reason. Scientific authorities admit its power! S. S. S. builds blood-power, it builds red-blood-cells. That is what makes fighting-blood. Fighting-blood destroys impurities. It fights boils. It fights pimples! It fights skin eruptions! It always wins! Mr. V. D. Schaff, 557 15th street, Washington, D. C., writes:

"I tried for years to get relief from a bad case of boils. Everything failed until I took S.S.S. I am now absolutely cured, and it was S.S.S. that did it."

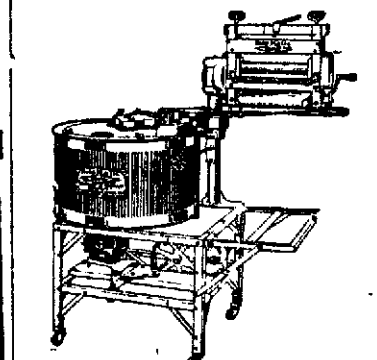

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

DON'T FORGET TO HELP BUILD A NEW "OLD SWIMMIN' HOLE"

You young fellows living on west side who want to enjoy a swim should not forget to get over back of the park this evening as soon as possible to help out on the swimming hole. Take pick or shovel and go now or you might be late.

What will your children eat during the hot vacation days?

Too much meat in summer overheats the blood; too much starchy food often interferes with digestion.

Children must have plenty of energy-producing food, but it must be wisely chosen.

Grape-Nuts is a safe and satisfying summer food. It supplies the energizing nutriment of wheat and barley, together with the natural mineral elements which many foods lack.

Grape-Nuts with milk or cream is a complete food, crisp and delicious, easily digested and quickly assimilated.

Grape-Nuts FOR HEALTH

"There's a Reason"

We have them in bulk and boxes.

Aughinbaugh's DRUG STORE

Precious Stones

When the ordinary person, and his name is legion, buys a precious stone of any sort the purchase is made mostly on the reputation of the dealer and the faith the purchaser has in his jeweler.

We can point to many clients of ours for whom we have purchased jewels and who will give us unstinted praise for the value they received for their money.

We can give you the same value.

W. W. O'BRIEN

There's A Reason Why Clearfield's Bottle-Fed Babies Are Huskier Than Ordinary

There are hundreds of bottle-fed babies running around Clearfield that have a healthier, huskier look than the bottle-fed babies in other communities. Clearfield's babies have been given our pasteurized milk and their food has been as pure as Nature's.

Our pasteurization process has been so safe and sure that Clearfield mothers have little to fear during the months when they are ordinarily worried about their babies.

Another ample proof that our pasteurized milk is the richest, purest food that any mother might give her baby.

NUMBER 178

HOLLYWOOD AND LOS ANGELES ROCKED BY A SEVERE EARTHQUAKE; ONE MAN IS KILLED BY ROOF OF HOUSE CAVING IN

Los Angeles, Cal., July 23.—Movie queens, film heroes and all Hollywood community were hurled from their beds, and fled to the lawns and sidewalks in night attire shortly before midnight when all Southern California was rocked by two earthquakes which lasted over sixty seconds.

The hall of records at San Bernardino was badly damaged. One man, George Fisher, who was in bed in a building adjoining the hall of records, was severely injured when the roof fell in. Little damage was done in Los Angeles and vicinity although the quake was the most severe in three years.

Los Angeles, Cal., July 23.—All of Southern California from Santa Barbara through the Imperial Valley was shaken around midnight by the most severe earthquake in three years. Damage was estimated at \$100,000.

Following the first shock at 11:28 p. m. practically all residents of Southern California cities spent the remainder of the night on the street. Many were in night clothes. Tremors were felt again about 1:00 a. m. Oil operators in the oil fields at Santa Springs and Signal Hill feared the shocks may have ruined some wells or holes now drilling.

CORRY'S BEAUTS COMING TO TRIM US ON SATURDAY

The Community Service Horse Shoe Pitching Team from Curry, Pa., will meet the local Community Service team at a court in town to be decided upon later, on Saturday afternoon, July 28th.

The Corry team is said to be one of the best in the country, while the Clearfield team will be made up of Johnson, Flint, Smith and another local topnotcher. The game will be well worth seeing and should bring out a big crowd.

An admission fee of 25 cents will be charged in order to defray expenses.

More teams are gradually coming in to the Clearfield club though some are poorly represented as yet. There are a great many pitching men for some reason would rather play a lone hand than strengthen the organization which is trying to make us a more worthy while in the town and state. Some seem to prefer to pitch only when they feel like it and not be bothered with a hard and fast schedule and some seem afraid they will be ignominiously defeated. The officers of the club are all busy people who are giving a good bit of time to this as it is but cannot make a house to house canvass soliciting members. If those who are at all interested will each do a little boosting the Clearfield club will be well on the way toward justifying the reputation it has among the pitchers of the country. This is known to be one of the most wide awake organizations in the game so having achieved this fame it is certainly up to the members to make it a fact. The Sewer Pipe Co. is helping a great deal by donating a much play for the courts as is needed.

The Thursday schedule will be played as follows:
Singles—Ball vs. Stiffler. Hudson vs. Shugart.
Doubles—Reed and Schiefer vs. Heider and Sheppe. Dan Robinson and Lewis Shaw (new) vs. Keystone Joe Cream. Withrow and Hixon vs. the winners of the above. Games called on the new Market street court at 7 sharp.

NOTICE TO ALL CAR OWNERS IN CLEARFIELD

Wednesday and Thursday this city will be visited by large delegations of people from Altoona, who come here for an annual outing at the Driving Park. On Wednesday, the shopmen are coming, five hundred strong. On Thursday, the trainmen are coming, three hundred strong.

Last year when these people were here, Clearfield citizens met them at the train with cars and trucks to haul baskets and children to the park. Again in the evening the same people returned them to the train and saved them from a ducking.

That was a fine thing to do. It should be done again and we believe will be, for Clearfield always does the right thing.

In this undertaking, let the Rotary Club and the Commercial Club members take the lead. Every man should be on the job. Every citizen who can spare his car and an hour's time should join in.

For the purpose of making sure the job will be done those interested have asked Scott McKelvey of the Clearfield Candy Company to act as Secretary of this general transportation committee.

Call H. & C. 234-Y early tomorrow morning and tell Scott, "You can count on me."

Lightweights To Swap Punches Tonight For Championship Belt

Come to The Progress Office tonight at nine o'clock for the blow by blow returns on the Leonard - Tendler fight. The weather is fine so please stay outside so we can give you the same good service you received on the Dempsey-Gibbons and Firpo-Willard battles.

Before nightfall there may be a new lightweight champion of the world, providing Lew Tendler, the rugged, lopsided challenger, who meets Champion Benny Leonard tonight for 15 rounds at the Yankee stadium in New York, can do just about half the things his great flock of supporters are predicting for him. Never before has a challenger entered the ring against so formidable a champion as Leonard, with such a brilliant chance offered him. Once before, just a year ago, this same Tendler rocked Benny to his heels in the eighth round of their now memorable bout at Boyle's Thirty Acres, only to lose when one of Benny's two great advantages came into play and outsmarted the Philadelphia out of an almost certain title. Leonard's other asset, his great two-handed punching power, got little chance to work against the plunging challenger and Benny had to be satisfied with a popular decision.

Betting Price False.

Today Leonard rules an almost two-to-one favorite, which from any angle looks like a false price. Leonard is not twice as good as Louie, and with everything on the up and up, Tendler will prove this tonight, even though he fails to go the limit. The challenger is one of the greatest body punchers the game has ever seen in his division and, with an awkward method of carrying the fight, may be able to break through the same way he did in Jersey. Tendler has learned a lot since last year and will hardly be caught absent-minded tonight as he was before. Should Benny, for whom the task of making weight has proved no joyride, once attempt to go in flatfooted and swap punches, it may mean the end of his reign.

The ring generalship of the champion is his biggest ace. Leonard has the faculty of making the pace and style as he sees fit and most likely will carry out that plan tonight. Tendler, with nothing to lose and knowing that Benny cannot be as good tonight as he was the last time they met, may take the offensive, wade in, rip and tear away in the early rounds in an effort to wear Leonard down, without giving Benny a chance to set. This looks like his only chance.

GEO. M. ROSSER'S MOTHER DIES

Mrs. William Rosser, mother of President of Council George M. Rosser, passed away at the family home in Jersey Shore at 11:30 o'clock last night. The funeral will be held from her late home Wednesday afternoon at 2 o'clock.

Geo. M. Rosser was at his mother's bedside when she passed away and will remain in Jersey Shore until after the funeral.

JOHNSON TO TOUR AGAINST WORLD COURT

New York, July 23.—Hiram Johnson, Progressive Republican Senator from California, intends to tour the country in a virtual campaign against the world court and the League of Nations.

Johnson, back from a four months investigation of affairs in Europe, made this informal announcement when he landed from the giant new Shipping Board liner Leviathan yesterday.

DR. KOO AGAIN IN PROMINENT POSITION

Peking, July 23.—Doctor Koo, former Chinese ambassador to Washington, today became foreign minister of the North China government. Dr. Koo accepted the post at the insistence of political leaders.

TWILIGHT LEAGUE GAME

The Glen Richey ball club will play Reedsville on the Reedsville diamond on Tuesday evening.

COAL HEAVERS OF IDAMAR WALLOP OUR OWN PETS

A bunch of Webb Shillingford's hired men knocked off work in the mines at Idamar at noon Saturday and coming down to Clearfield engaged our American Legion team in a bout at baseball at the Park. We would like to draw the curtain over the recital right at this time but our innate and ever-present urge to tell the truth regardless bids us proceed—and proceed we will.

Those Idamar coal heavers just knocked the dingbusted stuff out of our boys. They swatted the slippery elm shoots of Rex Fauver to every end and all corners of the lot and piled up seven runs, while not allowing one of the locals to approach even within hailing distance of the home plate.

The Idamar boys were about the niftiest ball team to face the locals on the local lot this year. The team made but one error in the field, but Sebastian, their umpire, made a couple of rank ones at first base.

The score:

	R.	H.	O.	A.	E.
Idamar	7	8	27	9	1
Sloosky, 2b	1	3	4	1	0
Reed, cf	1	0	3	1	0

YESTERDAY'S GAME

A Clearfield team took the Philipsburg All-Stars "over the jumps" at (Continued on Page 5)

One Killed, Five Hurt In Riot And Escape Of 31 From Insane Hospital

Chester, Ill., July 23.—All but 11 of 31 convicts who escaped during a riot they precipitated at the Illinois state hospital for the criminal insane, were recaptured today.

William Jackson of Chicago, murderer, was killed and four guards and O. C. Stubblefield, superintendent of the hospital, were wounded in fighting that accompanied the outbreak last night.

Seventy-five convicts took part in the fighting. Those recaptured were found hiding among the hills, in underbrush and in barns after they had stabbed the guards and battered a hole in the steel fence around the hospital "bull pen."

Stubblefield said that hundreds of guards, deputies and citizens searching surrounding Illinois and Missouri territory expect to capture the 11 today. All business in Chester, a town of 4,000, has been suspended while armed men guard their homes and women and children are kept locked indoors.

SUPERINTENDENT MUNICIPAL PIER

Matt Savage, a former well known Clearfielder, has been appointed superintendent of the Municipal Pier rest room and music pavilion at Ocean City by Mayor Champion. The position pays a fine salary and the appointment is for four years.

HIGHWAY DEPARTMENT ANNOUNCES ITS BUILDING PROGRAM FOR 1923 AND 1924; WILL BUILD 275 MILES OF NEW HIGHWAY

HARRISBURG, Pa., July 21.—Paul D. Wright, Secretary of Highways, today announced the Department's road construction program for 1923-24. The Department will build 275 miles of durable highway. Only \$15,000,000 is available for road construction. The 275-mile program will exhaust all present funds for construction purposes. There can be no additional road construction during 1923 and 1924 unless the voters in November approve the \$50,000,000 bond issue. If approved this money will be available for 1924 construction.

Federal aid available to Pennsylvania approximates \$5,000,000. To secure this money it is necessary that Pennsylvania meet it on the basis of two to one, giving the total of approximately \$15,000,000 available for the balance of 1923 and all of 1924—unless the bond issue is approved. Exclusive of the state-aid fund, \$5,200,000 is available in unexpended legislative appropriations for road construction. Of the \$50,000,000 bond issue authorized in 1918, \$800,000 remains. It will be necessary, therefore, unless the new bond issue is approved in November, to resort to the motor license fund in 1924 for \$4,000,000 necessary to make up the \$10,000,000 required to meet the Federal-aid fund. The Department maintains that the motor license funds should be used for maintenance purposes except in emergencies such as meeting the Federal aid in order to hold it for the state. If the bond issue is passed it will not be necessary to take \$4,000,000 from license moneys.

In accordance with the fixed policy of the Department of Highways the construction now decided upon will be confined to primary highways. The allocation of this program was made after a careful study of the relative needs and merits of the individual case, with proper consideration for distribution and previous construction, and the entire cost will be paid by the Commonwealth.

"The Department realizes," said Secretary Wright, "that there naturally will be many disappointments, but this is inevitable, in view of the limited funds available as contrasted with the great volume of demand. In determining the merits of each case the Department had information from all available sources, including that revealed by its own traffic survey."

"No change will be made in the program as now announced by the Department."

The program as it involves the Lincoln Highway consists of a replacement of the present surface between Coatesville and Downingtown and a replacement of a section to the east of Lancaster. It also involves replacement in Irwin Borough, Westmoreland County.

On the Susquehanna Trail there will be a replacement on Route 250 running between Lemoyne and New Cumberland.

On the William Penn Highway there will be a replacement in Wyomissing Borough to the west of Reading and there are listed for construction six projects between Pittsburgh and the Cambria County line.

On the National Pike there will be a replacement of a section to the west of Uniontown.

On the Buffalo-Pittsburg Highway new construction is involved in a section north of Indiana, north of Punxsutawney, south of DuBois and between DuBois and Falls Creek. There will also be new construction running south of Ridgway and running northerly from Johnsonburg.

On the Lakes-to-the-Sea Highway there will be new construction to connect Franklin with the present road under construction easterly.

On the North Tier Highway construction is contemplated between Waterford and Union City in Erie County, between (Continued on Page 5)

Milesburg Man's Death THREE SUFFOCATE May Bring Prosecution Of Midnight Auto Party LOCKED IN ROOM BEING FUMIGATED

The fatal automobile accident which occurred near Osceola Thursday morning last, will undoubtedly result in criminal prosecution against Carl Hettager, owner and driver of the car. Two deaths have thus far resulted from the accident. The Philipsburg Journal of Saturday last carried the following story of the affair:

"The fractured skull and other injuries received by Winfield M. Lose in the automobile accident on Mapleton hill early Thursday morning, July 19, resulted in his death at 3 o'clock this morning. The body was taken to the Enoch undertaking establishment and prepared for shipment to Milesburg for burial."

Lose's death makes the second fatality in the tragic accident at the sharp curve on the hill on the highway between here and Osceola Mills. Joseph Atterson, of Punxsutawney, having been instantly killed. The other three men in the party, all more or less injured, will recover.

The Clearfield county coroner is investigating the accident and consequent fatalities, and other developments may follow. It is said the authorities are desirous of ascertaining the truth of some reports in connection with the affair, and some other parties may be drawn into the affair.

Winfield Lose was 42 years old and a native of Bellefonte. His home was at Milesburg. He was employed by the Bellefonte Lumber Company, and for the past two months has been located in Philipsburg working at his trade of painter for the company. He is survived by his wife and young son and two brothers and three sisters. His parents are dead.

New York, July 22.—A sobbing woman frantically pounding on the door of Hecker-Jones-Jewett Milling Company's plant late today in search of her husband—who had not returned home last night—attracted the attention of the police and revealed the death of at least three men from fumigating gases which had been flooding the huge structure since early yesterday morning.

A fire alarm, rung in by officials of the plant, brought the Battalion Chief McMilligot to the scene, who called an ambulance from Gouverneur Hospital.

Dr. Kahn responded, donned a gas mask and entered the building. A few feet inside the door he stumbled over the bodies of the three, sprawled awkwardly, one of them head downwards on the stairs.

Chief McMilligot then sent in a call for the reserve squad, which worked feverishly throughout the building to check up on others who might have suffered a similar fate.

Relatives Storm Doors

One of the men had been identified as John Ustic, 42, a laborer. It is thought the others are Ned Nedrine and Ben Levitt.

The plant closed down early yesterday for fumigation. Notice was posted throughout the building in advance and it was thought that everyone was out when the doors were locked.

Following discovery of the tragedy a crowd of 10,000 persons soon gathered, many of them relatives of men supposed to be missing in the building. They fought with the reserves for an opportunity to join the rescue.

SMUGGLED SHELL EXPLODES; TWO GUARDSMEN HURT

Berwick, Pa., July 22.—Two men are in the hospital today and three await court martial as the result of an explosion of a mortar shell while the equipment of Company I, 108th Infantry, was being unloaded at the Berwick Armory.

The shell is said to have been smuggled from Mt. Gretna in the baggage bag of Private Charles G. Schall. As the bag was thrown from the car, the base of the shell struck the ground and it exploded, scattering among the guards unloading the equipment.

Roy Eddinger and Dell Shumacher, both of Berwick, were severely injured by the flying fragments. One piece of iron struck a house two blocks away.

The accident will be investigated at a court martial at once.

FIND BLOOD STAIN ON TROUSERS WORN BY PATRICK COYNE

Pittsburgh, July 22.—Finding of blood stains on the trouser leg of a brown suit worn by Patrick Coyne the day before his slain bride was discovered in a Port Perry cottage, has served to definitely connect the married husband with the murder, county detectives declared today.

Detectives will make another effort today to force a confession from Coyne, who lies in a hospital with his legs gone as the result of a possible railroad accident a few hours after his young bride was shot and killed. Coyne has so far defied police.

Police also declare that Coyne, on the day he met his accident, told fellow employees at the Economy freight yards, where he was employed as a brakeman, "that he was tired of living." In view of Coyne's attitude and strong circumstantial evidence, police declare they believe Coyne tried to commit suicide.

WOODRUFF WILL NOT RUSH INTO COURT TO ANSWER SNYDER

Harrisburg, July 23.—No effort will be made by the administration to "rush into court" as a result of the challenge of State Treasurer Snyder to test the constitutionality of the code, it was learned today.

The Geological Survey and Bureau of Accounts will remain unpaid on Snyder makes concession to the Gov. error.

Several moves looking toward a compromise solution of the differences which threaten to bring the administrative code to a constitutional test have been made.

Attorney General Woodruff, who was in favor of prompt action through court procedure, has decided that nothing can be gained by going to court at this time as an appeal could not be taken until fall in any event.

ENJOYED FINE VACATION

C. T. Hile and family of Clearfield, N. G. Parks and family of Berwick, and F. R. Stockbridge and family of Wilkinsburg, who have been spending the past two weeks at Camp McMilligot on the mountains about 20 miles from Clearfield, broke camp today. They all report a whole of a time with plenty of fresh mountain air, good eats and a wholesome touch with nature at her best, far from the mad-dog throng with only the wild beasts and reptiles to disturb the quiet fullness of the place. Two rattlers were killed.

GRASSFLAT MAN HURT IN AUTO WRECK

About 10 o'clock last evening two automobiles ran together at Troy bridge, near Philipsburg, on the Harrisburg road. Oscar Campbell, of Grassflat, driver of one of the cars, was thrown against the windshield and had his neck and face cut. He was taken to the Philipsburg hospital for treatment.

We regret that those in our force prohibits our printing many of the items handed us for publication today. They will appear tomorrow.

ODDS AND ENDS
AND THINGS

By J. L. C.

And I was ever thus. How much do you pay for ham? The butcher says pork products twenty-five to thirty-three percent cheaper than last year. But according to Thomas Wilson, the butcher, there is no indication that customers have, therefore, increased their purchases.

Meat prices have lately lost the habit of corresponding with wholesale quantities.

Brass leaves remain the same despite a dollar flour.

Potatoes rot in the fields for want of frost, while green grocers wisely take usual toll.

Recent heavy rain in crude oil are still to be reflected in gasoline.

Note a rather high menu with every appreciable advance in meat and vegetables, but strangely forget to add charges as edibles become cheaper.

Order bacon and eggs for lunch to-morrow and note the check.

And yet Sir Isaac Newton insisted that "a hat goes up must come down."

Build up deposits in banks and trust companies of the United States increased \$400,000,000 in 1922, which is 41 per cent. over 1921, according to figures of the American Bankers Association.

They are all the time making

harder for the poor underpaid bank clerk to switch a few shekels off the top of some fellow's private measure full of running over.

Report of a new invention at the National Cash Register Company office is accompanied with announcement that its manufacturing plant may be doubled in size within a short time. The new invention is a register carrying twenty totals, built especially for general banking business. The register has been tested in one Dayton bank.

By means of the new register the exact condition of an account is recorded on the customer's passbook and on the bank's permanent record in one operation. The machines post book and ledger cards automatically and keep the tellers ledger, showing total deposits and total withdrawals for each day.

The month of July should be cut off the season for trout fishing in Pennsylvania at least, as more damage is done then to trout in our streams than during all the other two months. One-half more fish are illegally taken then, too, by the "trout hogs" who invade the streams and literally claw with their hands, the poor sunburned fish from the few pools with hardly water enough to sustain life. At this time the fish are not fit to eat, and the fishermen gather them in simply to satisfy their lust to kill the funny denizens of the deep—when there is water enough to call it deep.

A national programme for 187,406 miles of new highways now is projected for the United States.

The programme was made up by road experts of the Federal Government, which will carry it through to

conclusion in financial partnership with the States. Generally, the Federal Government will pay about 55 percent of the bill.

The programme is partially complete, a large part of the mileage being already in existence. The remainder is authorized or projected, awaiting only the approval (in most cases formal action) by the States.

At \$50,000 a mile the programme means the expenditure of nearly \$10,000,000.

As the construction work progresses the programme will be extended. As now projected, the work will mean that 90 percent of the population of the United States will live on, or within, a few minutes travel of a smooth, modern highway of concrete, brick or some other permanent and improved road material.

Road improvement tends to decrease prices of necessities, especially food, throughout the United States.

It brings the city consumer closer to the food supply of the country and reduces the transportation factor in price. Furthermore it makes rural life more pleasant by smoothing out difficulties of communication. In very many other ways road building tends to solve the problem of the farmer.

The mileage of roads to be built, with the aid of the Federal Government, is distributed among the States in direct proportion to the willingness of their legislative bodies to appropriate the local share of the fund.

South Dakota now leads, with a mileage of 8,077; New York has 4,498; Ohio, 4,506; Georgia, 5,662; Illinois, 4,987; Iowa, 7,154, and California, 4,467.

The rank of the States change frequently, in accordance with the action of their Legislatures.

AUGUST 15th - - - AUGUST 16th

- TWO BIG DAYS FOR CLEARFIELD -

\$1,000 IN PRIZES

On these two days the Firemen of the Central District, comprising eight counties, will be the guests of this city. Clearfield is going to entertain them royally. The machinery has been set in motion and this advertisement is to invite all firemen to come here and to ask all citizens to join us in what we know will be a successful effort to entertain royally.

Committees have been named to look after the many duties that devolve on the host and "On To Clearfield" will be a safe and proper slogan for everybody on these two days.

Wednesday, August 15th will be the Business Session of the Convention with three hundred delegates in attendance. In the evening the regular annual Convention Banquet will be served in the White House at the Park, followed by a grand dance.

Thursday will be Parade Day, with a tremendously big program of Sports and Contests. Watch for the Program. There will be prizes for the Bands, running from \$40.00 to \$125.00. There will also be prizes for the best appearing Band, best appearing Company, largest Company, longest distance, etc., aggregating One Thousand Dollars.

BIG CIRCUS TOMORROW

We thought when John Robinson's circus left us we were done with circuses for this season. However we find we were mistaken as a committee of three press representatives called at our office this morning for the purpose of advertising the Wallace & Moore Circus, a dog and pony show, which will exhibit tomorrow afternoon on Swoope's lot on Pine street.

The big free street parade starts promptly at 11 o'clock and the opening promptly at 2 p. m. There will be no evening show because the curfew law interferes with the comings and going of the "circus men."

There will be lots of animals, strong men, gymnasts and many other real circus features. Admission 15 cents; children, 10 cents.

This is an advertisement, for which we are paid five free tickets, but had some "dealing" to do to get that many.

Announcing:

The "DIM LANTERN"

A new eating house near the corner of Third & Pine streets in the room formerly occupied by Straley's Lunch room.

Open now. Home cooked meals a specialty. Open from 6 a. m. to midnight.

GRAND OPENING

WEDNESDAY EVENING

7 TO 12 O'CLOCK

Our Opening Special is "Baked Alaskan", an ice cream delicacy for twenty-five cents.

GOLDA SCHONWALDER.

MODERN MOTHER-WISDOM

chooses this better way

She saves her precious energy for the more important duties of the home—for the supervision of the household, for the upbringing of the children that so often determines their character as men and women. And to these pleasant cares she brings the extra hours secured through the use of our laundry service—

For, instead of the gruelling hours of washing and ironing, fatiguing tasks that leave her effortless, she bundles the family wash together every week and we call for it, wash everything thoroughly, iron each piece daintily and return it all neatly folded.

Highway Department Announces Its Building Program For 1923 And 1924

(Continued From Page One.)

Pittsfield and Youngsville in Warren County, and the present hard-surfaced road running southerly from Warren will be extended towards Saybrook. New construction will also proceed from Mt. Jewett easterly toward Smethport, from Galetton easterly towards Wellsboro, and the present hard-surfaced road running through Wellsboro will be extended to the west.

There will be new construction on Route 212 running easterly from Mansfield, and the present hard-surfaced road running west from Towanda will be extended towards Troy. There will also be new construction extending the present hard-surfaced road easterly from Towanda toward Wyalusing.

The hard-surfaced road running through Montrose will be extended to the west. The improved road on Route 174, which runs to the Lackawanna-Susquehanna County line, will be extended to Royal.

On the road between Stroudsburg and Easton new construction will be undertaken between Delaware Water Gap and Portland and preliminary plans are being made which will result in tying up the present improved roads between Bangor and Easton.

Construction will be authorized on Route 232, running southerly from Tunkhannock, and on Route 161, between Saint Clair and Ashland.

Plans for new construction will be prepared for Route 185 running from Tamaqua through McAdoo. Surveys will also be made for the connecting links of the hard-surfaced road running between Mauch Chunk and Allentown. This will involve probably four contracts.

Replacement will be undertaken on Route 180 between Chester and Philadelphia and on a section of the West Chester Pike, and on a section of the Baltimore Pike near Waw Waw.

New construction will be undertaken on Route 106, between North Bend and Hyner and in the vicinity of Driftwood.

There will also be new construction on Route 121, running southerly from Mt. Union and on Route 47 between Gaysport and Bedford.

The schedule also includes two sections to be constructed between Ebensburg and Burnside, on a fifty-fifty basis with the County, as per previous arrangement.

New construction will also be undertaken on Route 189, running to the east of Kittanning, on Route 71, running easterly from Butler; and two sections are listed for improvement on Route 79, between Butler and New Castle.

On Route 76, running from Pittsburgh to Beaver, two sections are listed for improvement and on Route 243 plans will be prepared for improvement between Midland and the Ohio state line.

On Route 326, running from Washington to Waynesburg, 2 sections are listed for improvement, one section beginning at Waynesburg and running northerly to the vicinity of Ruff Creek. Preliminary plans are being made for the improvement of two sections between Waynesburg and Brownsville on Route 268.

On Route 116 plans will be prepared for the connecting link through Smithfield Borough and on Route 117 there will be a replacement in Everson Borough.

On Route 148, construction will be authorized extending the present hard-surfaced road from Bedford Springs to the north.

On Route 98 plans will be prepared for extending the present hard-surfaced road running through Tionesta to a connection with Route 92 at Nebraska.

Plans will be prepared leading toward the extension of a hard-surfaced road south of Quarryville to the Maryland line.

Progress Editorial For Women

MRS. HARDING PLAYS

THE GAME

By Florence Davies.

It was on President Harding's recent trip through the west on his way to Alaska that he encountered one of those hot days which so often seems to be reserved for tourists, picnics, parades and the like when Old Sol would have served us just as well had he been a little less enthusiastic.

After a particular strenuous bout with the sun, the President admitted that he had had enough and asked to be excused from one number of his program.

Not so with Mrs. Harding however. With the aid of a sun hat she had taken the same drive and come out the victor. So sending the president back to the hotel to put ice on his wrists and seek the consolation of an electric fan, Mrs. Harding graciously entered the official car and made her bow to the waiting public at the next stop on the days tour.

That was just one example of the fact that Mr. Harding always plays the game.

As wife of the president of the United States Mrs. Harding doubtless has her critics, if not her enemies, though they are happily few. It would be too much to expect that any one in public life, especially in political life, would be wholly without them.

But whatever any of them may be able to say of Mrs. Harding, not one of them can say that she doesn't play the game. No the game of politics, so much as the game of standing back of Warren G. Harding.

"Oh," but you say, "what women wouldn't put her husband's interests first, if that husband were president of the United States?"

True enough, in this particular instance, the game must have interesting rewards.

But Mrs. Harding has been playing the game for years, long before her husband was the president of the United States, long before he was even a senator.

Back in the little town of Marion, Ohio, she was very much on the job when "helping Warren" just meant going down to a funny little newspaper office and hovering around the cashier's cage or the bookkeeper's desk. And from that time to this Mrs. Harding has been on the job whether the job meant being one of the best dressed women in the country, or standing for hours at endless receptions or making one more appearance on a days program when her husband was too near sun stroke to make the grade.

Working out-side the home seems never to have offered a problem in the Harding family. It was evidently never a question of husband or career which shall it be? It was both.

That must be a satisfactory solution for a woman to the problem of her career. Standing back of a man in every possible way and on every possible occasion to make his career come true is something of a career in itself, and must offer more durable satisfaction than all the half victories which a woman earns for herself. It must give a kind of unity of purpose and oneness of interest and sympathy which the separate state plan doesn't permit.

A little old fashioned, all this, perhaps, but surely rather satisfactory.

Misses Ada and Ruth Eckley, of Greenville, Pa., are guests of Mrs. Fred B. Leavy at her home on Third street.

Harrisburg, July 23, --- "Employees in the Department of Internal Affairs have volunteered to have their salaries cut sufficiently to permit five in the department, who would have been necessarily dismissed, to remain," declared Secretary of Internal Affairs James F. Woodward in a statement today.

Notwithstanding the dismissal of forty-seven employees from the department less than two weeks ago, Secretary Woodward said that the department funds necessitated the dismissal of about five others. "Bureau heads, division chiefs and other employees, desirous of seeing the work go on without any additional handicapping at the hands of the Governor, volunteered to have their salaries de-

creased so that the necessity of dropping other employees would be eliminated," continued the Secretary. "The action of my employees is appreciated by me in the extreme and shows splendid interest in their work and in their efforts to cooperate with me in the discharge of the duties which the Constitution and the various acts of Assembly have imposed upon me. Their action indicates that in this department there need be no fear of 'boring within'."

"I notice in newspaper accounts," concluded Mr. Woodward, "that there are numerous increases being allowed in salaries in departments under the Governor where he did not find it necessary to reduce the appropriations. When I call the attention of

the public to this, I hope I shall not be accused of sniping."

Mr. and Mrs. A. O. Brantner and the former's sister, Miss Vera, spent the week end with friends at Reamstown. Mr. and Mrs. Emory Hummel, Mrs. Laura McManis and daughter Goldie spent Sunday with Emory Hummel of Burnside, Pa.

Mrs. Louis Harper and daughter, Betty of Madera spent the week end with Mrs. Hartwick Logan on Ninth street.

Thought for the Day.

Say the kind word today and postpone the unkind word until tomorrow, and you will make yourself and the world richer.

Political Announcements

The Progress is authorized to announce the following names of candidates for public office subject to the decision of the voters at the election to be called for September 18th, 1923.

FRANKLIN

July is the 21st Sales Anniversary

The Sedan

\$2850 f.o.b. Syracuse

Keeping pace with the demand for this new Sedan has been a difficult task ever since it was first shown—even with production more than doubled.

The Franklin Sedan gives people the finest ride they ever had. That, in short, is the story of its unequalled road ability and accounts for its great popularity. It is

without a closed car rival in comfort, easy handling and making time.

Many Franklin owners are among those who have been unable to get this new car because of the over-demand. During July, Franklin's Twenty-first Sales Anniversary, we will make special effort to take care of their requirements.

Curwensville's Own Column

Mr. and Mrs. H. C. Adams, Jr. of Pittsburgh, spent the week end with the latter's sister, Mrs. James Volpe, Ridge avenue.

Mrs. V. U. Snyder has returned home, having spent the winter with her after having spent the winter with her daughter, Mrs. Helen Vancooper, at Clarkburg, V.

Strange, but true nevertheless, at all conclaves people forget the laws of cleanliness. The park, next morning after Field Day picnic, looked like an old time clam bake.

Arthur Selner, a late employee of the Pennsylvania Hide and Leather Company, died at his residence near Nanticoke, on Friday night, after an illness of several weeks duration. His age was about 47 years. He was born and raised near Luthersburg and was a son of Rev. Selner of that village. He was married to a young lady by the name of Troy, a daughter of William Troy, who with several children survive him. The funeral was held this forenoon. Interment in Oak Hill cemetery.

The Curwensville-Janesville ball game that was to have been pulled off on the home grounds Saturday afternoon was cancelled during the forenoon by the visiting aggregation.

Miss Alice Wood, a student at State College and whose home is in Grampain, was the guest of Curwensville friends Saturday.

The Light Bearers Mission Band of the Presbyterian church was entertained at the home of Mr. George Ardary, Bloomington avenue on Saturday.

Mrs. Ralph Demsey, was registered at the Park House from Pittsburgh Saturday. She will be remembered as a daughter of Mr. Carpenter a former landlord and owner of that hostelry. Mr. Ray Michaels who was taken to Clearfield Hospital along about a week ago was operated on successfully Friday for the removal of a goiter. She is recovering nicely.

"Jimmy" Sheridan and "Jake" Kanta left Sunday morning for New York, having procured ring side tickets which will entitle them to witness the Leonard-Tender fight for the light weight championship of the world, booked for tonight.

A four-months-old child of Mr. and Mrs. Clark Bunnell, died at the home of True London, in Pike township, near borough line, on Saturday morning, of convulsions. The body will be buried in Oak Hill cemetery, probably on Tuesday.

Mrs. El. Bloom, age 78 years, died at the farm home near the Porter school house on Friday. Her maiden name was Wise, she being a sister of Mrs. Frank L. Robinson, this place. The funeral was held on Sabbath.

Mrs. Mary Smith, of Newport, Pa. was a guest in the Collins home for several days the latter part of the week.

Mrs. Edna Dunn, who has been spending several months at the home

of her parents, Mr. and Mrs. O. C. Norris, Thompson street, returned to her Pittsburgh home on Saturday.

Mrs. Zach McNaull, Mrs. Harry Riddle and Gene Riddle left Saturday by motor car for Endicott, N. Y., for a weeks stay.

Mrs. Alice Brownlee, of Pittsburgh, is visiting her sister Mrs. Edna Way, north Walnut street.

Mrs. Russel Wright, wife and children, arrived in Curwensville Saturday from their Montana home, and will spend some time at the residence of "Dick" Wright, the parent. He reports that his brother, Carl, who is also in the west, is well and hardy but was unable to make the trip back to his old home at this season.

Miss Anna Fitzgerald returned home after a pleasant visit with relatives at Pittsburgh.

Two base hits—S. Robinson, Almond. Three base hits—S. Robinson, 2; Heberling, Townsend; E. Townsend, Shultz. Home run—Heberling. Hits—off Stover, 8 in 4 innings; off Duncarik, 3 in 1 inning; off Crabo, 4 in 4 innings. Sacrifice hits—Heberling, Almond, Stover.

Must Be Two in Bargain.
The man who complains of having been cheated seldom admits his own bad judgment. Yet, he would hardly have lost had he not himself erred. It always has taken two to make a bargain, and always will take two.—Grit. Steady Going.

The way to get a great deal of work done is to be continually doing little.—Boston Evening Transcript

Some Job to Keep 'Em That Way.
People are so honest it is necessary to have three or four lawyers examine and fortify every contract that is made.—Toleno Blade.

Ministers to Football Fad.
One woman in London is stated to have accumulated a comfortable fortune by running a "beauty parlor" for the pet dogs of fashionable society.

Why, of Course.
"What would you call a pie trust magnate?" "I'd call him a pie-rate king."—Baltimore American.

All Dependent on Will.
Nothing is impossible; there are ways which lead to everything; and if we had sufficient will we should always have sufficient means.—La Rochefoucauld.

LIBERTY THEATRE TONIGHT

The End of All—and the Beginning!

One stinging moment of disillusionment—and a doting love-life shattered! Maddening jealousy—a fatal shot—and another moth of Broadway's lights fleeing from the law—Then far to the south, on a sun-kissed island washed by summer seas, two lonely victims of wreck. The woman who killed and fled. The man who was sent to bring her back.

Is there anything bigger than law, bigger than duty, bigger than love? Come see this heart-stirring romance of a woman who learned to know.

A REAL BASEBALL GAME Here Tomorrow

All agree that Punxsy and Clearfield are pretty evenly matched when it comes to baseball. The last time they clashed, only one run separated the teams, and that was a "Buke."

Tomorrow will decide who is really the better and those who attend will be the judges.

Usual time and price.

Miss Katharine Zerfuss, a teacher at summer school at Clarion Normal, spent the week end in Clearfield with her parents.

Mr. and Mrs. Pennepacker of Mor-

Boils

There is a reason for everything that happens. Common-sense kills misery. Common-sense also stops boils! S. S. S. is the common-sense remedy for boils, because it is built on reason. Scientific authorities admit its power! S. S. S. builds blood-power, it builds red-

blood-cells. That is what makes fighting-blood. Fighting-blood destroys impurities. It fights boils. It fights pimples! It fights skin eruptions! It always wins! Mr. V. D. Schaff, 557 15th street, Washington, D. C., writes:

"I tried for years to get relief from a bad case of boils. Everything failed until I took S. S. S. I am now absolutely cured, and it was S. S. S. that did it."

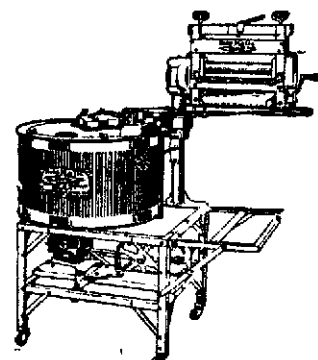

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

What will your children eat during the hot vacation days?

Too much meat in summer overheats the blood; too much starchy food often interferes with digestion.

Children must have plenty of energy-producing food, but it must be wisely chosen.

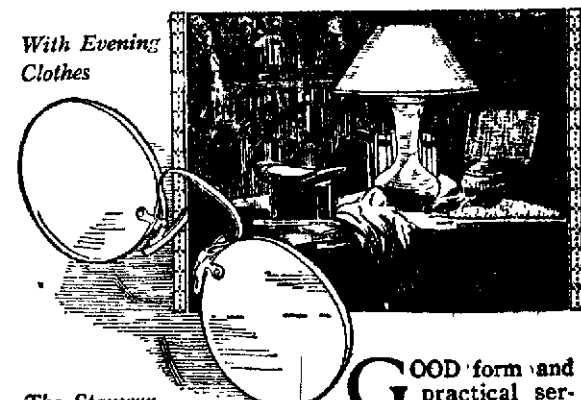

Grape-Nuts is a safe and satisfying summer food. It supplies the energizing nutriment of wheat and barley, together with the natural mineral elements which many foods lack.

Grape-Nuts with milk or cream is a complete food, crisp and delicious, easily digested and quickly assimilated.

There's A Reason Why Clearfield's Bottle-Fed Babies Are Huskier Than Ordinary

There are hundreds of bottle-fed babies running around Clearfield that have a healthier, huskier look than the bottle-fed babies in other communities. Clearfield's babies have been given our pasteurized milk and their food has been as pure as Nature's.

Our pasteurization process has been so safe and sure that Clearfield mothers have little to fear during the months when they are ordinarily worried about their babies.

Another ample proof that our pasteurized milk is the richest, purest food that any mother might give her baby.

Clearfield Dairy Co.
